

Wheelchair, mobility scooter and buggy access from Cotmanhay

At the end of Bridge Street go over the canal bridge and turn right onto the Erewash canal tow-path (The Erewash Valley Trail). To reach the deck itself, ignore a white fingerpost, and walk a little further along the towpath to meet the ramp up to the deck.

Please note if you access the viaduct deck by wheelchair, mobility scooter or with a buggy from the Erewash Canal ramp there is at present no way down at the other end of the viaduct, and you have to return the way you came.
